A-Level (2021 - 2022)
Courses Completed:
 - UX/UI Design, Uncommon.Org
 - Web Development, Uncommon.Org
 - Digital Marketing, Uncommon.Org

Technical Skills

- Web Development: HTML, CSS, JavaScript, Responsive Web Design, React, Bootstrap
- UI/UX Design: Strong familiarity with Figma, design principles, and translating designs into code
- Version Control: Git (repository management, branching, merging)
Digital Marketing: Social media marketing, email marketing, campaign analysis, SEO, keyword research
- Project Management: Agile methodologies, project planning, team collaboration

Profile

Starting from scratch this year(2024) with zero computer knowledge here at Uncommon.org. I've discovered that with sheer determination, the right guidance, and consistent effort, anything is achievable. In just four months, I've advanced from a beginner to a proficient web developer, mastering HTML, CSS, and Bootstrap,while enhancing my JavaScript and React skills.

Experience

Personal Projects:

- To see all my projects, view my portfolio by clicking on this link <https://tashaportfolio.netlify.app/> NB;PORTFOLIO IS STILL BEING WORKED ON.
